Catholic War Veterans And Auxiliary Open '60 Convention On Thursday

Pennsylvania's Catholic War Veterans and Auxiliary members will pay tribute to the "Catholic War Veterans" of an earlier generation during their convention here this week, Frank J. Kozicki, state commander of the CWV, announced today.

The convention, which opens Thursday morning will adjourn its proceedings Friday morning at 9:30 o'clock to honor the Catholic men of the North and South who fought at Gettysburg.

Observance will take the form of a rededication of the statue of Father William Corby on the Battlefield near the United States Avenue intersection with Hancock Avenue.

Rev. Fr. Joseph David Barry, of the faculty of Notre Dame University, South Bend, Ind., a World War II chaplain who won the Silver Star for gallantry in action in the Sicilian campaign, will be the principal speaker at the services.

Headed N. D. Twice

Father Corby was twice president of Notre Dame. His statue was erected on a rock from which he gave general absolution to the troops of the "Irish Brigade" and other Catholic soldiers before they went into action on the afternoon of July 2, 1863, to halt Confederates driving back the Third Corps in the Peach Orchard-Little Round Top sector.

Father Corby was believed to have given general absolution on a battlefield for the first time in America when he called together the troops while shot and shell from Confederate cannonading struck nearby. He was later to say that in giving general absolution on that day he gave it to all of the men engaged, both of the North and South who would die within less than two hours. The troops came under direct fire when they had moved but a few hundred yards from the spot.

At the dedication of the statue on October 29, 1910, among speakers was the Rev. Dr. John Cavanaugh, president of Notre Dame University.

Register On Thursday

A replica of the Father Corby statue here is on the campus at Notre Dame University. Registration of delegates for the convention begins at 8:30 o'clock Thursday morning in the Hotel Gettysburg lobby. The first business session will begin at 9 o'clock for the auxiliary and at 9:30

WHEAT PRICE SUPPORT RATE IS ANNOUNCED

The basic minimum price support for 1960-crop wheat in Adams County will be \$1.99 per bushel, J. Glenn Miller of the county Agricultural Stabilization and Conservation office announced Tuesday.

This rate is based on the minimum national average wheat support of \$1.77 for the 1960 crop announced last summer. Loans will be available at the minimum rate early in the price-support period.

In addition to the county rate, farmers needing terminal rate information may obtain it at the county office, rear N. Stratton St., Gettysburg. Usually, the terminal rate exceeds the county rate by the amount of handling and freight charges necessary to get the wheat to the terminal.

May Be Adjusted

The price of the 1960 wheat crop will be supported through loans on farms or warehouse-stored wheat and through the purchase of wheat delivered by producers under purchase agreements. Loans and purchase agreements will be available from harvest through Jan. 31, 1961. The loans will mature Feb. 28, 1961.

To get wheat price support, Miller pointed out, a farmer must have complied with his 1960 wheat acreage allotment.

In general, the basic support rate is for No. 1 wheat. Premiums and discounts are applied to determine the rate for wheat which is of other grades or has other quality factors. There is a discount of 20 cents a bushel for certain previously announced varieties which have an inferior milling or baking qualities.

Miller said the country support rate will be adjusted for any future freight rate decreases that may occur during the 1960 period of price-support availability.

\$900 Accident On Harrisburg Road

Damage totaled \$900 when two cars collided five miles north of here on the Harrisburg Rd. near the Distelfink at 6:50 o'clock Tuesday evening.

State police said R. Barry Trostle, 16, Biglerville R. 1, was driving north and slowed preparatory to turning into the Distelfink parking lot.

Cletus Hess Jr., 31, Mt. Holly Springs, according to police, was also headed north and his car rammed into the rear of the Trostle vehicle. No injuries were reported. Damage was estimated at \$700 to Hess' car and \$200 to Trostle's auto.

Okay Reserve Center Site; Price Dispute May Be Costly

The Cumberland Twp. Supervisors and Planning Commission and the Adams County Commissioners this morning approved construction of an Army Reserve Center along the Fairfield Rd.

But the project may be delayed because the owner of the land, Ralph Deatrick, and the Department of the Army have not agreed on a price.

At the conclusion of an hour-long meeting in the commissioners' office, all the officials agreed that the center will be under construction in about 40 days.

The Army offered \$2,600 an acre for 3 1/2 acres of land. They said that amount was according to their appraisers, a fair and reasonable price. Deatrick asked \$5,000 an acre.

May Lose Center

Army officials asked Deatrick whether he was willing to go along on a friendly condemnation proceeding in federal court and let the court decide what is a reasonable price. Deatrick declined. General J. Calvin Frank, 29th Division commander; Joseph Kemper, chief of facilities for the 21st Army District, Indiantown Gap, and William Wolf, Washington, D. C., of the Army Engineers, said that as far as they could determine "that finishes it." General Frank said he believes Deatrick's rejection will cost the county an Army Reserve center.

Can't Hold Funds

Frank read a letter from Major General Frederick M. Warren, chief of the U. S. Army Reserve, Washington, which stated that if an agreement could not be reached for the site today the Army could no longer hold up the funds and would have to allocate them to other areas where Reserve centers are needed. The letter said agreement had to be

JET PLANE AT REC PARK TO BE FENCED OFF

Gettysburg's Recreation Board today announced plans to fence off the jet plane at the Recreation Field until a proper stand can be constructed for it.

Recreation Director Chester Hilger said older youngsters have ripped movable parts off the plane and have broken a padlock in order to get to its interior. "The greatest danger to youngsters comes from rocking the plane which could result in some youngster being crushed beneath the tail of the jet," Hilger said.

Original plans, not yet carried out, call for the plane to be placed on a concrete foundation so that it cannot be "rocked" and for a stairway to be constructed to the cockpit so that youngsters may safely enter and leave the plane.

No Night Visitors

Noting that the younger children "have a wonderful time just getting into the plane" Hilger said older youth "appear to be trying to do everything they can to destroy it."

Hilger also announced that "since most damage is done after dark," around the Recreation Field, all children are banned from the Recreation Field at dark, or if games, etc., are being held, "after the lights go out."

The parking lots are to be cleared by that time and the entrances will be closed. Borough police will make the Recreation Field part of their regular tour of inspection to enforce the "nobody on Recreation Field" order after dark — or after late evening events conclude.

COMMISSIONERS TO MEET

The commissioners of the Black Walnut District, York-Adams Area Council Boy Scouts, will meet June 15 at 8 p.m. in the Gettysburg engine house, Rex Maddox, district commissioner announced Tuesday.

Reds Back Riots

Behind the students are Socialist, Communist and left-wing labor groups contending that Eisenhower's visit amounts to interference in the bitter dispute over ratification of the new U.S.-Japan

security treaty.

Kishi ignored a boycott by the Socialist minority in Parliament and opened a debate in the upper house aimed at final ratification of the treaty.

Kishi and Foreign Minister Aichihiro Fujiyama explained government arguments for the new treaty, which permits continued American use of Japanese military bases for at least another 10 years but gives Japan more say in controlling deployment of U.S. forces from Japanese bases.

In Effect June 19

Without upper house action, the new treaty automatically would take effect on June 19—the day Eisenhower arrives—or 30 days after its approval by the lower house. Apparently the government felt earlier final ratification might take some of the steam out of the anti-Eisenhower demonstration.

The government planned to designate 10,000 civilians to help 9,000 police quell any disorders when Eisenhower arrives.

The sentences will run concurrently.

James E. Crummitt, Bendersville, who faced the same "contributing, corrupting and furnishing" charges as Carbaugh, but not the adultery charge, was sentenced to from three to six months in jail.

Max Leroy Perry, Fayetteville R. 1, charged with contributing to the delinquency of and corrupting the morals of a minor, was sentenced to from 30 days to six months in jail and told he could be paroled in 30 days if costs are paid by that time.

John Chester Perry, also of Fayetteville R. 1, was sentenced to from three to six months in the county jail on the same charges.

The Perrys, who are half brothers, were arrested following the return of a Highland Twp. girl who originally was believed kidnapped. Max drove the car and John Chester Perry picked up the girl and placed her in the car. Later John Chester Perry and the girl left the Max Perry car at the home of the Perry's grandmother and, following a visit in the mountains, returned the girl home.

Drivers Sentenced

James E. Ketterman Jr., Gettysburg R. 2, charged with operating after suspension of his driver's license, was sentenced to three months in jail.

Conservative Japanese Plan Rousing Welcome For President Of U.S.

By KENNETH ISHII
TOKYO (AP) — Japanese conservatives today made plans to rally 600,000 Japanese to give President Eisenhower a rousing welcome, countering leftist demonstrations against his visit.

Prime Minister Nobusuke Kishi's Liberal-Democratic party and Japanese business leaders joined in a "National Welcome Ike Committee" to ensure a warm reception when the President arrives June 19.

An organized reception for the President was made necessary by mounting leftist opposition to the visit and student threats to stage a giant sit-down strike on the runways of Tokyo's International Airport to impede the President's landing.

MT. PLEASANT RESIDENTS ASK INDEPENDENT SCHOOL DIST.

Forty-three residents of the western end of Mt. Pleasant Twp. are seeking to have their area made into an independent school district, according to papers filed in court this morning.

The petition, signed by 43 out of about 47 persons in the proposed independent school area, asks that the section of Mt. Pleasant closest to Gettysburg and bounded on the east by White Run and the road from Bonneville to Granite be established as the "White Run Independent School District."

As filed for the petitioners by the law firm of Bigham and Rafenberger, the residents of the area ask to be named an independent school district so that their youngsters may attend the Gettysburg public schools rather than those of Littlestown or New Oxford.

Set Hearing Date

They note they are mostly within three miles of Gettysburg and nine miles from Littlestown and claim that it would be a saving to all taxpayers if their children are transported to Gettysburg instead of schools much farther away.

They also assert their children will be able to take greater advantage of the extracurricular activities offered by schools if they go to Gettysburg. Parents of the children, according to the petition, are Gettysburg-centered and thus could drive their children to and from events at the school

HISTORIANS GO TO YORK

More than a score of members of the Adams County Historical Society motored to York Tuesday evening to visit the York County Historical Society's headquarters on E. Market St., inspect historical exhibits there and a flower show currently being featured there.

The delegation, headed by its president, Associate Judge Clarence Deardorff, and the program chairman, Prof. William C. Darrah, visited the three period rooms of fine furniture and inspected the "village square" display. It recreates a village of the early 1800's including taverns, log houses, apothecary shop and a silversmith shop window, described as an "authentic slice from York County's past."

There was also a life-sized diorama of York's central square in 1830 and other special exhibits of the "York County Story."

During the evening there were recitals on the 1804 Tannenber organ.

The Adams Countians learned that at the time this county separated from York County in 1800, York County had an area equal to the state of Rhode Island and they were reminded that Adams was a part of York County while York served as capital of the United States during the Revolutionary War days.

Tuesday's tour was the last activity of the county society until fall.

FAIRFIELD HIGH GRAD DIES AT WORK; CAUSE IS NOT LEARNED

A 17-year-old Fairfield youth, Wesley Glenn Sanders, who planned to enter the U. S. Marines in August, died suddenly at the Zora Hereford Farm, where he was employed Tuesday evening at 5 o'clock. Dr. C. G. Crist, Adams County coroner, said it may be several weeks before the cause of death can be determined.

The young man, who graduated from Fairfield High School in May, and had passed his physical examination for entrance in the Marines several weeks ago, was expecting to begin his military service later this summer.

He had gone to the Zora Hereford Farm to work Tuesday and was with a group of four other men stacking baled hay in a barn.

Drops To Ground

At 5 o'clock the five men climbed down a ladder outside the barn and Sanders, who had been laughing and joking with the others, dropped to the ground, apparently had a spasm, and died.

Dr. Crist said he directed an autopsy to be performed by Dr. C. Harold Johnson. The complete autopsy showed no cause for the death and as a result a microscopic examination is to be made of body tissues in an effort to find the reason for the death. The examination may take several weeks.

Dr. Crist said the young man had eaten food at noon, but there was no evidence of any poisoning. There was no evidence of snake bite, tick bite or bites by any other insect that may have caused reaction that would have resulted in death. The coroner

Monthly VFW meeting tonight 8 p.m. at post house.

"It is the obligation of Christians to be one with each other unless there is a compromise of faith," declared Dr. Franklin Clark Fry Tuesday night to more than 500 delegates and visitors to the 23rd annual convention of the Central Pennsylvania Synod of the United Lutheran Church of America at Gettysburg College.

Dr. Fry is president of the ULCA, largest Lutheran body in America, and of the 80 million-member Lutheran World Federation. He also is chairman of the policy-making central committee of the World Council of Churches.

Addressing the convention on "The Image of the New Lutheran Church in America," Dr. Fry said that the burden of proof in church mergers is upon those who will not unite "the pressure of God's will upon unity."

Seek Large Merger

The ULC is currently engaged in merger negotiations with the Augustana Lutheran Church, the American Evangelical Lutheran Church and the Suomi Synod, more than three million confirmed members.

Noting that most of the church membership is already in possession of the basic facts concerning the merger, the president of the church chose the discussion method to reply to specific questions brought to the convention floor.

Clarifying some of the organizational principles of the new church, to be known as the Lutheran Church in America, Dr. Fry explained that the ULCA has never been more than "a federation of synods."

Dean Heads District

"Now, we are farther along," he said. "Our congregations and our ministers will actually be members of the Lutheran Church in America, rather than members of the synod. Ministers will be assigned to synods, not assigned by synods. Congregations will express themselves through the synods."

He explained also that the synods of the new church will be divided into districts rather than conferences. The head of each district will be called the dean. The district will provide a two-way channel between the congregation and the synod.

Discussing the status of seminaries in the new body, Dr. Fry said that theological education will become the responsibility of the church at large. A board of theological education is to have representation on the boards of trustees of the various seminaries, with power to set standards for clergy and academic requirements.

Church colleges are to be supported by synods as is now the case in the United Lutheran Church but, in order to qualify for recognition and support as Lutheran colleges, the institutions of

Asks Exemption For Firemen On Tax

Assemblyman Francis Worley re-introduced a bill on Monday at Harrisburg that he had offered at a previous session of the Legislature taking exemption of charitable organizations, such as volunteer firemen's organizations, and nonprofit organizations from the state sales tax.

Mr. Worley also introduced a resolution calling on the House to "voice its disapproval of the governor's action of placing in operation, contrary to legislative intent, a requirement that certain operators must submit to examinations in order to obtain operators' permits." The resolution also calls on the House to announce its intention to limit the governor's powers under the state motor code "at the earliest possible date."

Another resolution by Worley charged "evidence of gross inefficiency" in the office handling the Korean veterans' bonus payment. "Situations have arisen where eligible veterans have been delayed unduly and upon inquiry their letters have been ignored," Worley asserted. The resolution calls for an investigation of the office by a joint committee from the House and Senate.

Handicap Persons Repay Hundredfold

JOHNSTOWN, Pa. (AP)—Gov. Lawrence said today money spent for rehabilitation of the handicapped is "repaid hundreds of times over."

"But this is not the whole story," Lawrence said in remarks at an inspection of Pennsylvania's new vocational rehabilitation center at Johnstown.

"In addition their employment increases the spending power of the general economy," the governor said. "They have ceased to be a drain on public assistance funds. They have thus become taxpayers instead of tax consumers."

on the Deatrick site because there were no funds available for further surveys and that the only funds left were just enough to cover the cost of the proposed building and the amount for the land.

Kemper told the commissioners failure to construct the Reserve center here will probably mean division of the local 118 man Reserve unit between Reserve units at Chambersburg and York.

Frank said the present Army Reserve center on Queen St. is inadequate.

The Cumberland supervisors had objected to the site because of loss of taxes and fear that the center would prevent development of land in the rear. Army officials agreed to reduce their request to three and a half acres which would permit construction of streets on both sides of the center to provide access to land for building lots south of the center.

Flying Club Plans "Bombing Contest"

Plans for a spot landing and "bombing contest" at the Gettysburg airport along the Mummasburg Rd. Sunday, June 26, at 1 p.m. to which the public is invited were outlined Tuesday evening at a meeting of the Adams County Flying Club at the local airport.

President William Wilson announced plans to lower the flying rates to \$4 per hour for the Cut and \$5.50 per hour for the larger plane. President Wilson asked persons who wish to join the club to contact Treasurer Charles Heller at the Heller and Keller garage.

About 40 per cent of all jobs in the United States are in agriculture, according to USDA figures. About 25 million persons are employed by the farm industry, 7 million on farms alone.

Sawmill Burns Near Cashtown;
Loss Over \$5,000: A sawmill that has been operated for some time by Elton G. Boyer, of Millersville, on land owned by the Sheely Brothers, a mile north of Cashtown, on the Arendtsville road, was completely destroyed by fire Saturday afternoon. An automobile and a truck stored in the building that housed the mill also were destroyed. The total loss was estimated at more than \$5,000.

The fire was discovered about 4 o'clock by Cleveland Schuyler, who was working nearby. The Cashtown fire company was summoned but the fire had made such headway that the firemen were unable to save the buildings or any of its contents. A stream nearby was used as the source of water supply to extinguish the flames. A spark from a steam engine is blamed for the blaze.

Amendment To Order For Machine's Destruction: Judge W. C. Sheely handed down an amendment Wednesday to his order of June 1 ordering the destruction of the teletype machine, seized by state police in a raid on a horse race book making establishment in Gettysburg in February. The amendment extends the time for 15 additional days, making July 1 the final date for the destruction of the \$800 machine. The extension has been asked in order to give the owners more time to decide whether the case shall be appealed to higher courts for final settlement.

Today's Talk

TO BE REMEMBERED
Alexander Smith, author of "Dreamthorpe," once said that the only way he wished to be remembered was to be "occasionally quoted." An endless number have remembered, and he has entered immortality through his beautiful book "Dreamthorpe."

The written word is a messenger of good will and encouragement. Every word of hope and kindness that we send out into the world is what has united millions into the democracy of expression.

By words are we known, through them we are given the signs of immortality. To be remembered is to have lived! And it is no minor achievement either. Kindness travels over long distances, and is absorbed by millions. To have been remembered is to have achieved success.

Let us be careful with our words and not let them hurt people. To be remembered happily should be the aim of us all. It is so simple if we forget ourselves.

The memory of our great grows greater each year. Character can be made a permanent asset. We should think of those words by Kipling—"Lest we forget, lest we forget."

Tomorrow Mr. Adams will talk on the subject: "Express It. Free Yourself!"

Just Folks

AN INVADERS REQUEST
When I am ill and sore beset
With all the aches that flesh is heir to,
When I must lie in bed and fret
And swallow doses I do not care to,
When on a table standing near
Are powders, capsules, pills in dozens,
I have no great desire to hear
Of something that relieved your cousins.

When as you sit beside my bed
A violent coughing fit attacks me,
And my pale cheeks turn fiery red
And you behold how sore it racks me,
In silence let me cough it out;
In silence even let me smother;
That's preferable, beyond a doubt,
To being told what cured your brother.

If you can tell with just a glance
(For all my symptoms plainly show it)
That my disease removed your aunts,
Just pass it by. Don't let me know it.
Just bear in mind, I couldn't hope
By passing up my daily rations,
To swallow all the kinds of dope
That cured your friends and their relations.

Tax Case Reveals

\$700,326 Deposit

PHILADELPHIA (AP)—Philadelphia surgeon James A. Lehman and his wife deposited \$700,326 over a five-year period in which they reported income of \$331,000, employees of three banks have testified.
Other testimony yesterday in the trial of the Lehman's on charges of income tax evasion asserted that Blue Shield paid more than \$350,000 to Dr. Lehman in the five years named in the indictment—1953 through 1957.
The government charges that the Lehman's should have reported total income of \$720,407.

THOUSANDS TRAPPED BY SUBWAY FIRE

NEW YORK (AP)—Subway workers combed through New York City's miles of underground train tunnels today, seeking to prevent a repetition of the fire that trapped thousands in a smoke-clogged nightmare.

A third rail flash at 9:25 a.m. Tuesday set aflame a pile of refuse in a subway tunnel under Grand Central Terminal, stalling 14 rush hour trains. Hundreds of passengers were overcome by smoke.

Mayor Robert F. Wagner ordered a complete cleanup and a safety inspection of the entire subway system.

Unprecedented Drama

The order came after Transit Authority Chairman Charles L. Patterson said a private contractor on a repair job had left the trash several weeks ago and ignored a warning to clear it away.

Minor fires in the system are a common occurrence. More than 2,500 were reported in the past year. But the drama of Tuesday's blaze was unprecedented.

Below the surface of Manhattan, dense clouds of acrid smoke billowed into crowded subway cars. Some passengers were trapped in the heat and subterranean darkness for three hours.

Above ground, thousands rushed to the Grand Central area—police, firemen, sightseers—and a massive traffic jam clogged the streets.

The sidewalks became emergency wards as passengers staggered from smoke-spewing entrances.

About 150 were taken into hospitals. Most left after emergency treatment.

Va. Court Grants Stay; Errors Cited

RICHMOND, Va. (AP)—An appeal of Clyde R. Near from the death sentence imposed on him for the slaying of a counselor was taken under advisement Tuesday by the Virginia Supreme Court.

Near, an itinerant truck driver, was visiting relatives at the Beaumont School for Boys in nearby Powhatan County when Barry S. Chapman, a counselor at the school, was killed in 1958. Near was accused of fleeing in Chapman's auto. He later was arrested in Indiana.

A long series of alleged errors was cited by defense attorneys in the Powhatan Circuit Court trial at which Near was convicted. He was due to be executed Feb. 9 but the sentence was stayed pending appeal.

Medical Director Favors Male Nurses

NEWARK, N. J. (AP)—Martland Medical Center's director of nursing education claims men studying nursing are brighter than girls, don't cost any more to train and are better fit to handle problem hospital cases.

Mrs. Alice O. Shoonmaker made the comment after a hospital consultant recommended that the city drop the male nurse training program after 1960.

Mrs. Shoonmaker pointed out that men can serve alcoholics, mental patients and others with more ease than girls.

And besides, she says, it's pretty nice to have men around the hospital.

TIGERS TRIM ORIOLE LEAD; CHISOX LOSE

By ED WILKS

Now that Charlie Maxwell and Rocky Colavito are fired up again, those in-and-out Detroit Tigers may be ready to roll in the American League race.

The two sometimes sluggers have walloped eight home runs and batted in 13 of Detroit's 25 runs while the fifth-place Tigers have won four of their last six games.

It was Maxwell's eighth home run of the season, fourth in the hot streak, that clinched a 5-2 victory at Baltimore Tuesday night, trimming the Orioles' lead to 1½ games over second-place Cleveland.

The Indians, handed six unearned runs, romped 12-3 at Boston, Chicago's third-place White Sox lost 5-2 at New York. Washington rapped Kansas City 7-2.

The Tigers, 5½ games behind Baltimore, backed southpaw Don Mossi with 10 hits off loser Hoyt Witherow (2-3) and three relievers. Steve Bilko also homered for Detroit, but it was Maxwell's two-run shot in the third that did it. That gave Maxwell seven RBI's in six games. Half of his eight hits in that span have been homers. Colavito failed to drive in a run, but ran his hit streak to four games with 2-for-4.

Mossi (3-3) allowed just six hits, and Jackie Brandt's solo sixth homer was the only extra-base blow.

The Indians, 3-0 against Boston, scored four unearned runs in the fourth. Two came in on a walk and four consecutive errors before Vic Power, who drove in four runs, capped it with a two-run homer. Jim (Mudcat) Grant (4-1) won his fourth in a row, giving up Boston's runs on homers by Marty Keough and outfield veteran Bobby Thomson, who committed two of the Red Sox' five errors in his debut as a first baseman.

New York beat the White Sox for the first time in five tries this season with a three-run third inning that tagged Early Wynn (2-5) with his fourth straight loss. Tony Kubek doubled home two runs in the third, then scored the clincher on two infield outs. Right-hander Jim Coates (6-0) won his 10th in a row for a 12-1 career record. He allowed only four singles, two by Luis Aparicio.

Harmon Killebrew drove in two runs, one with his fourth homer, as the Senators cracked 15 hits and regained sixth place from the A's. Camilo Pascual (6-4), given relief help when he seemed to tire in the seventh, allowed only three hits—two of them homers by Norm Siebern and Russ Snyder.

A run in the last of the seventh inning enabled Harney to nip winless Bonneauville 1-0 Tuesday evening in one of the finest games played this season.

Daie Witherow of Bonneauville and Dougherty of Harney turned in brilliant pitching performances, each allowing but one hit. A walk, sacrifice, error and outfield fly produced the only run of the snappy game.

In another makeup game Mummasburg and Greenmount battled to a 5-5 tie at Greenmount, darkness halting the game after seven innings. Greenmount pushed over a run in the last of the final inning to gain a tie. Kermit Singley homered with one board for Mummasburg in the third inning.

NAT HOLMAN WILL RETIRE

NEW YORK (AP) — Nat Holman, who on New York's Lower East Side learned the rudiments of the game in which he reached the top as player and coach, is retiring after a 40-year career as basketball coach at the College of the City of New York.

No individual in basketball history has been more closely associated with the game for so long a period than the 63-year old Holman.

As a player he gained fame with the original New York Celtics, with whom he played for nine years. As a coach his teams posted a 227-65 record through his first 20 years, trailed off somewhat during the war years and then rebounded for a 90-26 five-year mark climaxed by the only "grand slam" in basketball history.

The "grand slam" came in the winning of both the National College (NCAA) and National Invitation Tournament (NIT) champion-

ROBERTS WINS FIRST IN MORE THAN A MONTH

ST. LOUIS (AP)—Right-hander Robin Roberts has won his first game in more than a month for the Philadelphia Phillies after five straight losses.

Roberts (2-7) did it Tuesday night, beating St. Louis 5-3 with help from reliever Dick Farrell. And he helped his own cause with a two-run single in the fourth that sent home what proved to be the winning run.

Roberts pitched despite a pulled muscle in his left thigh suffered last Wednesday night against Milwaukee. He left in the seventh inning when Bob Neiman doubled and Julian Javier and Joe Cunningham singled for the Cardinals' third run. Farrell got into trouble in the eighth and ninth innings but double plays in each frame saved him.

Harry Anderson got the Phillies off to a 1-0 lead in the first when he belted his fifth homer of the year. Bobby Malkmus' double and Bobby Del Greco's single in the third made it 2-0.

Then in the fourth Wally Post singled, Ken Walters doubled and Al Dark was given an intentional walk to load the bases, setting the stage for Roberts' hit. The Phillies added their final run in the seventh on singles by Malkmus and Del Greco and a sacrifice.

Bill White hit his seventh homer of the year in the sixth following Javier's second of three singles. The loss was charged to Bob Miller (2-1) who hadn't started in a month because of shoulder trouble.

Machen To Battle Johnson Tonight

CHICAGO (AP) — Heavyweight Eddie Machen, ranked fourth in his division, meets unranked Alonzo Johnson tonight in a 10-round Chicago Stadium bout.

The match will be televised nationally (9 EST, ABC-TV). Machen, a 26-year-old from Portland, Ore., has lost but two of 35 starts. One was to Ingemar Johansson before the big Swede became heavyweight champion.

Machen is a 3-1 favorite over Johnson. The 26-year-old from Rankin, Pa., has an 18-5 record, dropping a 10-round decision to Willie Pastrano in his last start a month ago.

BRAVES MOVE UP AS GIANTS, BUGS FALTER

By ED WILKS

Associated Press Sports Writer
If things keep up, those Milwaukee Braves are going to steal the scene from Pittsburgh's flopping Pirates and San Francisco's reluctant Giants in the National League race.

The Pirates, once again finding rough going on the road, lost their third in a row, 13-2 at Chicago, Tuesday but retained a one-game lead as the second-place Giants lost 5-1 to Cincinnati. It was the fourth time the Giants have blown a chance to close in on the Pirates in nine days.

Third-place Milwaukee moved within 3½ games of Pittsburgh and went two games up on San Francisco in the lost column with a 6-2 decision at Los Angeles on five unearned runs. The Braves have won six of their last seven games.

Phils Stop Cards
Last-place Philadelphia stopped the rallying St. Louis Cardinals 5-3.

The Giants, slumping in the clutch, didn't have a hit for 5 1/3 innings against young Jay Hook (5-4) and were shut out on two singles until the eighth. Then Jim Marshall hit a pinch triple and Willie McCovey, benched with Orlando Cepeda for weak work with the bat, singled. Bob Grimm finally saved it for Hook, getting Willie Mays on a bases-loaded fly for the final out.

The Reds, six games back in fourth, sent Johnny Antonelli (3-3) to his third defeat with three runs in the second on a walk and singles by Gus Bell, Ed Bailey, Roy McMillan and Billy Martin. Vada Pinson added his sixth home run, off Joe Shipley, in the seventh.

Cubs Stun Pirates
Milwaukee and the Dodgers swapped solo home runs by Del Crandall and Frank Howard, but the Braves cracked the tie with the free five in the fifth. After Crandall singled, two errors loaded the bases and loser Johnny Podres (4-5) then forced in a run by walking Ed Mathews. Two more came in when Podres fielded Hank Aaron's toppler and threw wild to the plate. Mel Roach's two-run single clinched it.

The seventh-place Cubs, rolling up 25 runs in two games and 47 while winning four of their last five, stunned the Pirates and Vern Law (8-2) with four unearned runs and a 5-0 lead in two frames. They got five more in the third off Benny Daniels. Ernie Banks, Bob Will and Walt Moryn each had three hits in the Cubs' 16-hit barrage, with Banks driving in four and Will three. Southpaw Dick Ellsworth (3-2) pitched a four-hit shutout until the eighth. Robin Roberts (2-7) a winner for the first time in more than a month after losing five straight, beat the Cards with a two-run, two-out single in the fourth. He had a shutout until the sixth, when Bill White homered.

Gettysburg Little League

The Glenn L. Bream team pulled an 18-11 decision out of the fire in a free scoring and hitting affair in their engagement with the Rotary in a Little League baseball game, Tuesday evening at the recreation field.

The Breams moved to a 4-1 lead after two innings, but the fighting Rotary came back to knot the count at 4-4 in the third. Two walks, a hit batsman and singles by Ken Gebhart, John Flynn and Dennis Herring accounted for the scoring.

Rotary Goes Ahead
Four singles in the top of the fourth enabled the Breammen to bounce back with three runs, but the home team tallied seven more times in the bottom half of the fourth to lead 11-7.

The game was decided in the top of the fifth when the powerful Bream outfit crossed the plate nine times. The highlight of the big fifth was a grand slam home run over the left-center field fence by Charles Raffensperger. The Bream's young catcher also accounted for six RBI's before the contest was over.

Ron Redding Mike Herring, Raffensperger and Phil Asper paced the winner's attack with a trio of safeties each. Johnny Flynn was the big gun for the Rotary with four hits for five trips to the plate. Ron Redding and John Heiser shared the hurling for the Breammen with Heiser getting credit for the win. Flynn started for the Rotary but needed help from Bob Davies in the fifth. Flynn is charged with the loss.

U. S. OLYMPIC SQUAD CALLED "DREAM TEAM"

By ALAN CLINE

Associated Press Sports Writer
BERKELEY, Calif. (AP) — If ever there was a dream team in sports, Pete Newell has one in his 1960 Olympic basketball squad. He has height, speed, shooters to spare, youth and experience. Despite predictions from nearly everyone that the U.S. has a gold medal in the bag, Newell feels he has plenty of work ahead of him.

"Pretty Strong Team"
"We have a pretty strong team," the 44-year-old California athletic director said. "But we're not looking at it as a cinch. That's a good way to get knocked over." Newell earned his Olympic job by coaching an NCAA all star club to victory in the Olympic Trials. He has four All Americas to start with — Darrall Imhoff, 6-foot-10 California; Oscar Robertson, 6-foot-5, Cincinnati; Jerry Lucas, 6-foot-8, Ohio State, and Jerry West, 6-foot-3, West Virginia.

Top Rebounder
Imhoff, from San Gabriel, Calif., is a prebouncer and defensive player. Robertson, an Indianapolis product and the all time leading major college scorer, showed during the trials he also can play defense. West, of Cabin Creek, W. Va., does everything and beautifully, and Lucas, a sophomore from Middletown, Ohio, was the key man in the Buckeyes NCAA championship drive. Newell also has Walt Bellamy, a 6-foot-11 Indiana junior from New Bern, N.C. Lucas said Bellamy was the best player he faced all season. There's Terry Dischinger, Purdue's 6-foot-6 Big Ten scoring leader from Terre Haute, Ind., and Jay Arnette of Texas, 6-foot-2 playmaker from Austin.

One Repeater
Burdie Halderson, 6-foot-8 ace of the Bartlesville, Okla., AAU team, is the lone repeater from the 1956 Olympic team. He lives at Austin, Minn. Other AAU members are Bob Boozer, 6-foot-8, Peoria Cats from Omaha, Neb., his teammate Al Kelley, a 6-footer from McCune, Kan., and Les Lane, 5-foot-10 speedster from Purcell, Okla., who placed for Bartlesville.

Adrian (Odie) Smith, 6-foot-1 ex-Kentucky sharpshooter, was chosen from the Armed Forces all star team. He comes from Farmington, Ky.

Rigney Benches Two Giant Aces

SAN FRANCISCO (AP) — Orlando Cepeda and Willie McCovey, the rookies-of-the-year the past two seasons, currently sit on the San Francisco bench as Manager Bill Rigney hopes a rest will cure their slumping bats.

With Cepeda hitting .269 and McCovey .252, Rigney took them out of the lineup Tuesday night against the Cincinnati Reds, but nobody else caught fire as the visitors took a 5-1 victory behind young right-hander Jay Hook. "Maybe the rest will do them some good," observed Rigney, recalling that two years ago Cepeda suffered a slump in his rookie year but after a few days rest came roaring back.

ART WALL JR. RALLIES AFTER KNEE INJURY

By THE ASSOCIATED PRESS

Art Wall Jr. is back, so the 149 other qualifiers had better keep a wary eye on him in the National Open golf championship at the Cherry Hills Country Club in Denver June 16-18.

The slim pro from Pocono Manor, Pa., was leading money winner on the tour last year, his list of victories including the Masters. This year he was handicapped by an ailing knee, and has played comparatively little. He was unable to defend his Master's crown.

But Tuesday he shot a torrid 65-63—128 over the Twin Hills course in Oklahoma City to top the 34 qualifiers from that section, and be nine strokes better than the low scorers of any of the 12 other districts.

Wall's 128 was 14 strokes under par for the two rounds over the pay 71 layout, and was achieved through 15 birdies and going over par only once. He needed only 46 putts.

91 Men Qualify
A total of 91 players qualified in nine districts Tuesday. Thirty-eight qualified in the play in four districts Monday, making the to-

tal for the two days 129. Twenty-one were qualified automatically. The Oklahoma section was the focal point of the day's play, with 34 players being qualified there, including many of the current touring pros.

There were a few casualties among the "name" players Jackie Burke Jr., of Klamath Lake, N.Y., lost out in a playoff at Oklahoma City, and Al Bessellink of Grossinger, N.Y., Hillman Robbins of Memphis, Tenn.; Bill Collins of Baltimore and Don January of Dallas also failed to make the grade there.

At Dearborn, Mich., Denny Shute and Bob Inman failed the test, and former Open Champion Lew Worsham didn't make it at Landover, Md.

FALL SEASON PLANS IN N. Y. INDEFINITE

NEW YORK (AP) — Broadway producers say all productions for the fall season have been indefinitely postponed.

They estimate the total investment in the 43 shows at eight million dollars.

The announcement came Tuesday from the League of New York Theaters as its contract deadlock with Actors Equity continued.

There was no sight of a resumption of negotiations in the dispute which has closed all 22 Broadway stage shows since last Thursday night.

1,600 Jobs Involved

The producers' league announced earlier that it was holding up plans for fall productions that were expected to employ 1,600 actors — twice the number now idle.

After Tuesday's announcement of indefinite postponement, Angus Duncan, executive secretary of Actors Equity, said in a statement:

"This announcement was made by the league three weeks ago. Producers have utilized every opportunity to attempt to relate natural consequences to the negotiations.

Three Won't Reopen

"Finian's Rainbow" and "Andersonville Trial," which the league claims were closed due to the current dispute, both had posted notices of closing prior to the blackout by the league. "Duel of Angels" previously had announced a limited run."

These are the three shows among those hit by the blackout which the producers have announced will not reopen.

Burton A. Zorn, special counsel to the league, challenged the unions contention that the producers can well afford to meet wage, pension and other demands.

On Brink Of Disaster

Zorn told a news conference: "The league has proved that the theater is not prosperous, that, to the contrary, the theater is on the brink of economic disaster."

He said there are now only 32 legitimate Broadway theaters—compared with 76 in 1931.

The producers closed all the

TRY TO CLEAR WAY FOR OKAY ON DR. BOEHM

HARRISBURG (AP) — Efforts are being made to clear the way for Senate confirmation of Dr. Charles H. Boehm as superintendent of public instruction when the Legislature returns June 20, says the chairman of the Senate Nominations Committee.

Sen. Robert D. Fleming (R-Allegheny) said Tuesday night he had no objection to confirmation of the veteran educator, but said action on the reappointment was delayed at the request of Sen. Marvin V. Keller (R-Bucks).

Keller, who represents Boehm's home district in the Senate, said he made the request at the urging of "two other fellows" whom he declined to identify.

"I Believe So"

Keller indicated the delay was occasioned by some local problem, but refused to elaborate.

Asked if he would vote for Boehm's confirmation, Keller replied, "I believe so."

Both Keller and Fleming said they felt the confirmation would be approved in two weeks.

Fleming rapped Gov. Lawrence for sending more than 200 appointments to the Senate for confirmation on Monday, saying consideration of that many names in a two-day session "was almost a mockery of the constitutional process."

Fleming's committee worked most of the day processing more

Broadway stage shows last Thursday after the union closed the comedy "The Tenth Man" last Wednesday night. The cast was called to a union meeting at show time.

POLLUTION PROBE URGED

HARRISBURG (AP) — "Spring Creek is a beautiful stream, but it's going to be ruined unless we put a stop to pollution now," says chairman William B. Curwood (D-Luzerne) of the House Fisheries Committee.

Curwood made the remark Tuesday to underscore his feelings for the need of an investigation of conditions in Spring Creek, Centre County.

The committee chairman said a nine-member task force of his group would hold a public hearing probably June 21, on the situation, and follow it up with a visit to the stream at Bellefonte, possibly the same week.

Littlestown DISCUSS USES FOR FORMER SCHOOLHOUSE

About 50 people attended the town meeting held on Monday evening in the local high school auditorium, held for the purpose of discussing the best use for the former E. King St. school building. The borough recently purchased the building. Its future use will be determined by an advisory committee, to be composed of one representative from each interested organization.

The organizations will submit the names of their representatives to Wilbur E. Mackley, secretary for the project. The advisory committee will then visit other towns to learn how a community building is established, operated, etc., and report their findings at a future town meeting on a date to be announced. Albert J. Bair is the presiding chairman.

Held Mock Wedding

A mock wedding was featured at the monthly meeting of the Loyalty Class of St. Paul's Lutheran Church on Monday evening at the church. Participating in the wedding were these members of group one: Mrs. Leo Kuhn, Mrs. Lawrence H. Roller, Mrs. Glen A. Breighner, Mrs. David Schildt, Mrs. Denton Barnhart, Mrs. George Rhodes, Mrs. Robert Gitt, Mrs. C. Aaron Rohrbach, Sandra Rhodes, Debra and Douglas Barnhart. Picked Up By His Own Auto

NASHVILLE, Tenn. (AP) — A Ft. Campbell, Ky., soldier, hitchhiking downtown to report his car stolen, was picked up by a man driving the missing vehicle.

The soldier, Woodrow Patterson, and a Campbell buddy Tuesday detained the driver, Frank Cecil Edmondson, until police arrived.

M'DONOUGH RESIGNS AS P.A. AFL HEAD

PITTSBURGH (AP)—Joseph A. McDonough carried out a threat Tuesday night and quit as president of the AFL Pennsylvania Federation of Labor.

Earlier, McDonough had told the Philadelphia caucus he would resign if Earl H. Bohr were re-elected secretary-treasurer of the PFL.

McDonough announced his resignation shortly after the election committee said Bohr had won, 1,074-754, over Hugh J. Mullin, retired Pittsburgh fire captain.

Decision Final

McDonough said his decision was final.

On Monday delegates attending separate meetings of the PFL and the CIO Pennsylvania Industrial Union Council approved a merger of the two groups into a single statewide labor organization.

McDonough had been in line to serve as co-president of the new organization until 1962.

Bitterness Appears

Bitterness in the Bohr - Mullin race came into the open when the Philadelphia delegation recommended Mullin for the post.

This brought booing and shouting from Bohr supporters. They yelled that the recommendation of a candidate for the post was out of order.

Fourteen vice presidents were named at the PFL convention, including the first woman vice president in the group's history. She is Helen Milberger of Scranton, a member of the Cigar Workers Union.

Elect Woman

The CIO delegates also picked a woman to serve on the executive board for the first time. She is Mary O'Hara of Philadelphia, a member of the Communications

Inner Biological Clocks Upset By Swing Shifts

COLD SPRING HARBOR, N. Y. (AP)—The night workers' lot is often not a happy one.

It is even worse for those on swing shifts who must work some days and some nights in the same week.

One reason for difficulty, scientists are finding, is that night and swing hours can upset curious clocks that keep time in our bodies and regulate important rhythms of living.

Better knowledge of the clocks may aid night workers.

These strange biological clocks are being discussed at a 10-day in-

ternational conference of 100 scientists at the Long Island Biological Laboratory.

In humans, the clocks time daily cycles in body temperature, output of adrenal hormones, disease-fighting white blood cells, blood sugar governing fatigue and alertness and other functions.

Clocks In Animals Too

Similar clocks in birds, bees, cockroaches, plants and almost all forms of life also seem to run generally on a 24-hour cycle.

The human clocks do not all keep the same time. Body temperature, usually reaches a peak in the afternoon, a low in the early morning hours. But adrenal glands generally pour out hormones just before your normal morning waking hour to help you meet the challenge of a new day.

Switching to night work can throw the clocks off schedule. Some people can reset their clocks more easily than others, or already have clocks that make them feel best at night.

NAMES COMMISSION

HARRISBURG (AP) — Gov. Lawrence Monday named lay members of the state's first Air Pollution Commission, subject to confirmation by the Senate.

The commission will have broad authority to curb discharge of air contaminants.

Those named to four-year terms on the agency included Mrs. Elizabeth B. Wylam, Wyndmoor; W. H. Jukkola, Aliquippa; and Elmer Queer, State College.

Herter Wants President To Visit Japan June 19

WASHINGTON (AP) — Secretary of State Christian A. Herter said Tuesday President Eisenhower should go ahead with his plans to visit Japan June 19.

Herter told the Senate Foreign Relations Committee that despite demonstrations in Japan against the visit "under existing circumstances, the President's plans ought to remain unchanged."

Herter expressed this view in response to a question from Sen. Bourke B. Hickenlooper (R-Iowa).

The secretary told the senators that he would prefer to make any further comment in a closed session.

Wants Pact Okayed

Herter was before the committee to urge Senate ratification of the new U.S.-Japanese treaty which he said will strengthen the "fabric of international peace and security."

There have been leftist demonstrations in Japan against both Eisenhower's visit and the treaty, scheduled to take effect at the same day the President arrives.

Chairman J. William Fulbright (D-Ark) said the open hearing on the treaty would be followed by a closed session on questions that were not proper for public discussion.

No Defense Provided

Herter told the committee at the open hearing that the old security treaty, signed immediately after the state of war with Japan was ended, gave the United States the right to station troops in Japan for maintenance of peace and security in the Far East. But there was no obligation on the United States to assist in Japan's defense, he said.

Under the new treaty the United States is pledged to go to Ja-

pan's defense, he said.

Under the new treaty the United States is pledged to go to Japan's defense if Japan is attacked.

Not all members of the senate group have joined in Fulbright's doubts as to the wisdom of Eisenhower's visiting Japan at this time.

TWO PARTIES SEEKING FUNDS

WASHINGTON (AP) — The Democratic and Republican national party chairmen have joined in endorsing a drive to spur political contributions and votes from the public in 1960.

More than 150 national organizations kicked off the drive Monday. John C. Cornelius, president of the American Heritage Foundation, predicted it will bring out the largest vote in American history this fall.

The foundation is sponsoring the get-out-the-vote campaign with the Advertising Council, which will solicit free advertising for appeals for dollars and votes.

Cornelius said "today when our government faces so many crucial challenges it is more essential than ever that our ablest citizens enter public life. Voting is basic, but it is the barest minimum of political participation."

"It is also essential that more of our people take an active part in politics and contribute to the party of their choice. Politics is too important to be left to the politicians."

Sen. Thruston B. Morton of Kentucky, the Republican chair-

The POWER of FAITH by Howard Brodie

The double door on Jones Street in San Francisco looks like a garage entrance. It has no sign; no street number. There is nothing to identify it as "The Miracle of Jones Street." Inside is the St. Anthony Dining Room, a testimony to man's faith and charity which has witnessed the passage of five million hungry men and women in the past 10 years.

The dining room was established by the Franciscan Fathers for persons of all creeds, colors and races who need a meal "here and now" and to assist those who are unable to obtain lodging and work.

It was constructed on faith—trade union members donated their time and services to build it.

It is provisioned on faith—anonymous wholesalers and merchants give generously and refuse to be known as benefactors.

It operates on faith—some 200 helpers, housewives and office workers, serve the wholesome meals. The cook refuses a salary.

"I have inner peace," he told me.

man, and Paul M. Butler, Democratic chairman, backed the drive.

Butler said it is estimated that the 1956 campaign—local, state and national—cost close to 200 million dollars.

"Spartans" became the Michigan State athletic nickname in 1926.

20 PENNSY CARS ARE DERAILED

LEWISTOWN, Pa. (AP)—Pennsylvania Railroad crews labored through Monday night to clear the wreckage of 20 derailed freight cars and reopen east-west traffic over the road's main line.

The cars, part of a 99-car train eastbound from Conway, near Pittsburgh, to Baltimore, derailed shortly before last midnight. The cars carried general freight.

Cause of the derailment was not determined immediately.

A PRR spokesman said no one was injured.

Reds' Deputy Echoes Blast Against U.S.

By MICHAEL GOLDSMITH

GENEVA (AP)—Soviet Deputy Foreign Minister Valerian Zorin opened a new round of East-West disarmament talks Tuesday with a blast against "aggressive circles" in the United States. He alleged these Americans sabotaged the Paris summit meeting and sought to prevent peaceful coexistence.

"Aggressive forces continue to conduct their subversive actions against peace and the security of peoples and make even more urgent and imperative the solution of the disarmament problem," Zorin said.

A Western official said Zorin echoed earlier charges by Soviet Premier Nikita Khrushchev—without Khrushchev's vehemence. U. S. Ambassador Frederick M. Eaton refused to be drawn into debate on the summit breakdown.

Suggests Discussion

"Our task here is to get on with the discussion of measures for disarmament, and I suggest we do this," he told Zorin.

Despite Zorin's remarks, British Minister of State David Ormsby-Gore told newsmen the 10-nation conference resumed in a restrained and moderate atmosphere after its six-week recess.

Zorin presented and commented on the revised Soviet disarmament plan, announced by Khrushchev June 3.

Eaton said the U. S. government is subjecting the new Khrushchev plan to a serious and thorough analysis.

See Little Hope

Western officials see little hope of agreement if the Soviets insist as rigidly on the main provisions of the new plan as they did on Khrushchev's first proposal.

The Soviets emphasized in their new version that they were adopting proposals advanced by other powers—notably France—that a beginning should be made in wiping out the means of delivering nuclear weapons.

U. S. officials expressed encouragement over apparent recognition by the Soviets of the need after disarmament for an international peace force, which the West insists is necessary. The Soviets hedged, however, by providing for control of such a force by the Security Council, where the big power veto operates.

Gradual Stages

The Western plan, cold-shouldered by the Soviets before the talks adjourned in April, called for carefully controlled disarmament.

community, blocking all four tracks.

A number of passenger trains were rerouted over the Blad Eagle branch to Lock Haven, with delays of several hours.

Mamie Not Going On Far East Trip

WASHINGTON (AP) — Mrs. Mamie Eisenhower, hospitalized with asthmatic bronchitis, will not accompany the President on his Far Eastern tour.

Announcing this Tuesday, the White House reported that the first lady is "getting along very nicely." She entered Walter Reed Army Hospital for treatment last Wednesday.

Prior to the hospitalization, the White House said, Mrs. Eisenhower was planning to go along with the President on a tour which originally included 10 days in Russia.

VOTE FRAUD PROBE OK'D

HARRISBURG (AP)—A resolution ordering a legislative investigation of alleged vote frauds in the Democratic stronghold of Philadelphia was approved Tuesday by the Senate Rules Committee.

The Senate Republican majority was expected to fight off Democratic attempts to add five predominantly Republican counties to the investigation's agenda and

ment in three gradual stages. A start toward nuclear disarmament would not be made until the second stage, after East-West party in conventional arms was established and thorough supervision and safeguards against surprise attack were in operation.

GROWERS FACE LOSS IN STRIKE

STOCKTON, Calif. (AP) — An AFL-CIO organizer predicts San Joaquin Valley fruit growers soon will make a wage offer to prevent multimillion-dollar crop losses due to picketing.

"I believe an offer is an inevitable as crops ripening," Norman Smith, director of the AFL-CIO Agricultural Workers Organizing Committee, headquarters here, said.

Union pickets at peach ranches are demanding \$1.25 an hour minimum. Field workers average \$.80 an hour.

Fruit is ripening in the warm late spring weather. One farm which held out against picket lines reported three-fourths of a \$300,000 cherry crop would be written off.

Smith said the AFL-CIO was attempting to make the San Joaquin Valley a base for expansion of its activities across the country.

give the proposal immediate approval, sending it to the Democratic-controlled House.

Prospects for passage in the House were slim.

Meanwhile, Rep. John Stewart (R-Phil.) prepared to push for action on his proposal to impeach Det. Atty. Victor H. Blanc for what he termed failure to act on the vote fraud charges.

The House tentatively planned to have its Judiciary General Committee hold a hearing on the proposal later this month.

They are among 91 areas in the nation named Monday on the first of a series of regular reports on sections plagued by unemployment.

Major areas included these Pennsylvania communities: Altoona, Erie, Johnstown, Scranton and Wilkes-Barre-Hazleton. Smaller areas included: Ber-

WOULD GIVE PERMANENT GAS RIGHTS

WASHINGTON (AP) — A Power Commission examiner says Tennessee Gas Transmission Co., of Houston, should be given permanent authority for increased natural gas deliveries it is already making to existing customers under temporary permission.

The Tennessee system extends from Texas to New England. Examiner Emory J. Woodall also recommended Monday that the FPC:

1. Authorize Pennsylvania and Southern Gas Co., Sayre, Pa., a customer of Tennessee, to operate facilities for distribution of gas in Waverly, N. Y.

2. Require additional deliveries of gas to the Honesdale (Pa.) Gas Co. for the Milford, Pa., area.

The Labor Department's Bureau of Employment Security said the listing every two months will "identify those areas where high unemployment has been a relatively persistent problem over most of the last few years."

The bureau said areas listed must have at least 6 per cent current unemployment.

Appointments Are Okayed By Senate

HARRISBURG (AP) — The appointment of John S. Brislin, of Stroudsburg R. 3, to the State Armory Board was confirmed on Monday by the Senate.

At the same time the Senate approved these nominations submitted earlier by Gov. Lawrence:

State workers' compensation referees—Eli Corak, Midland, Beaver County and John S. Quarry, Norristown.

Erie County Board of Assistance—Mrs. Nancy Jones, Wattsburg R. 2.

Justices of the peace—Mrs. Regina P. Leasure, Stahlstown R. 1, for Donegal Twp., Westmoreland County, and Joseph Maiocco, Blandburg, for Reade Twp., Cambria County.

SIX WILL FACE SERIOUS COUNTS

BELLEfonte, Pa. (AP) — A trial has been tentatively set for the week of June 20 for six persons indicted on charges of conspiracy and smuggling contraband articles into the state correctional Rockview.

A Centre County grand jury indicted the six Monday after deliberating an hour. It refused to act on another bill alleging women were also smuggled into the prison.

Charged with smuggling or helping to smuggle liquor, cigarettes and clothing into the prison over a period of several months prior to last Jan. 19 are:

Edward D. Buhler, 45, Hollidaysburg, a prison guard; Mrs. Frances Cora, Mrs. Cora Wiley and Lamar C. Stein, 34, all of York, and convicts Harold V. Cora Jr., 28, of York, and James R. Gunther, 27 of Indiana, Pa.

Mrs. Cora is Cora's mother and Mrs. Wiley his sister.

BAPTISTS BALK FOUR THRUSTS AT CATHOLICS

ROCHESTER, N. Y. (AP) — The American Baptist Convention neared a finish Tuesday after squelching a series of proposed thrusts at the Roman Catholic Church in connection with the presidential election.

One by one, four such moves were decisively voted down. The 1½-million-member denomination, however, asserted the right of citizens to inquire into the influences of any candidate's public issues.

Obvious backdrop for the spirited discussion was the candidacy of Sen. John F. Kennedy of Massachusetts, a Catholic, for the Democratic presidential nomination, but his name was not mentioned.

Back Church, State Stand

On a related matter, delegates committed Protestants and Other Americans United for the Separation of Church and State for "its vigilance in ferreting out infringements" of the separation principles.

It was specified, however, that the action was "not necessarily a blanket endorsement" of all POAU activity, many of which have been at odds with Roman Catholic practices.

The convention also urged opposition to use of tax funds by private schools for pupil transportation, textbooks, teacher salaries or other purposes.

Other Issues

One pastor, the Rev. Quinton Ivy of Warren, R.I., wanted the convention to condemn use of public school buildings by a religious group without rental charges, except in an emergency.

The proposal was defeated. The convention, by a close vote, rejected a declaration favoring an eventual end to a tax-exempt status for church properties. This was proposed by Richard Curtis of Bloomfield, Ind.

On another touchy issue, the convention joined a series of other Protestant denominations in supporting non-violent student sit-ins and other demonstrations against racial segregation.

BALLOON ENDS 3-DAY FLIGHT

BRUNSWICK, Ga. (AP) — A 500-foot diameter balloon Tuesday approached the end of a three-day flight into the stratosphere to gather information about cosmic rays.

The huge balloon, described as the world's largest, is expected to complete its journey at 3:30 p.m. when it will drop a parachute containing nuclear emulsion films used to record the cosmic rays. The information obtained will be studied by scientists of 13 nations.

The balloon was over Biloxi, Miss., Monday night moving westward at a speed of 10 miles per hour at an altitude of about 14,000 feet.

The balloon was launched from the Glynnco Naval Air Station at Brunswick Sunday morning.

Detroit pitcher Frank Lary began the season with a 21-6 lifetime record against the Yankees. In his first 1960 start against them he bowed.

IKE'S CLASS TO MEET IN 1965

WEST POINT, N.Y. (AP) — Old soldier Dwight D. Eisenhower has concluded a sentimental reunion with his Military Academy class of 1915—probably his last visit to the Point as president.

The President spent the major part of his time since Saturday renewing friendships and talking over old times and campaigns.

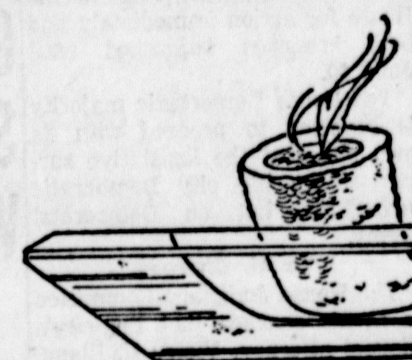

Eisenhower originally intended to return to Washington Monday night, but put off the trip until to day rather than cut short a class

reception and dinner. He has no more trips to West Point scheduled before he retires as president seven months from now. He and the other 102 survivors of the 161 graduates of '15 are planning another reunion in 1965.

Eisenhower observed Alumni Day Monday with a nostalgic but energetic tour of the academy and participation in colorful June Week ceremonies.

He commented that his first thought in the morning was that it was the 16th anniversary of D-Day.

"Well, I don't have to live that day over anyhow," he said with apparent relief.

VOTE FRAUDS PROBE LEFT UP TO HOUSE

HARRISBURG (AP)—A decision on whether the Legislature will investigate alleged vote frauds in Philadelphia depends on the Democratic-controlled House.

The GOP-controlled Senate, on a straight party-line, Tuesday approved a resolution calling for a joint House-Senate investigation. The vote was 27-22. But the resolution was not sent over to the House for action immediately and both branches adjourned until June 20.

The House Democratic majority is expected to proceed with its own phase of the legislative survey of the big city Democratic stronghold, but on Democrats' terms.

To Air Charges

The House Judiciary Committee is to air charges that the city's district attorney, Victor H. Blane, failed to prosecute persons known to have committed criminal acts.

Rep. John Stewart (R-Phila.) who made the charges and suggested impeachment proceedings against Blane, had wanted the study made by a special committee.

But he did not press this to a vote after Rep. Stephen McCann, Democratic floor leader, said the majority would oppose appointment of a special committee.

The Judiciary Committee has 13 Democrats and seven Republicans members.

Allege Whitewash

Republicans claimed the Democrats planned to whitewash the Blane charges, particularly after McCann introduced a resolution proposing final adjournment of the Legislature June 21.

"Why would you pick a date of June 21 unless you already had prejudged the case?" asked Rep. Albert W. Johnson, GOP floor leader. "It is our opinion that the other side has committed a tactical error."

"If the committee were to recommend impeachment, the full House would have to approve the recommendation and the Senate would have to conduct the trial. This process, Johnson told newsmen, would take several days.

Not "Sacred"

McCann, saying the date June 21 was not "sacred", later amended the resolution to June 27. It passed the House in that form but was pigeonholed by the Senate.

The Senate wrangled most of the day over the resolution to investigate Philadelphia's voting situation.

Sen. Charles R. Weiner (D-Phila.), Democratic floor leader, said legislative investigations "end up being political footballs and little or nothing constructive ever come from them."

He tried again to include five Republican counties — Bradford, Dauphin, Delaware, Cumberland,

Gets Her Divorce After 43 Years

PITTSBURGH (AP) — Mrs. Carmelo Gurecio finally got her divorce — after 43 years. She filed for it Jan. 11, 1917 when she was a bride of just eight months.

Judge Clarence B. Nixon granted the divorce Tuesday after Mrs. Gurecio, now 63, explained that she hasn't seen her husband since she filed for the divorce. "He never turned up," she said. "It's just like the world swallowed him up."

Mrs. Gurecio said she had forgotten about the suit.

GEORGE BURNS STILL DOING WELL ON TV

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — George Burns and Gracie Allen have been entertaining us for more than 30 years so most of us wondered how George could possibly get along alone when Gracie retired. Well, he's doing just fine as a single, as evidenced by his NBC special Tuesday night.

This old professional just keeps right on playing straight man. But he now surrounds himself with friend and funnyman Jack Benny, beauties like dancer Betty Grable and singer Polly Bergen and for the young crowd, Bobby Darin. The galaxy worked itself into a slick, pleasant, if unmemorable variety hour. I loved George's anecdotes about the good old days in show biz, but I am getting a little bored with that singing and violin-playing gag he and Jack have been perpetuating for so long.

NBC plans a pre-Christmas Project 20 program, "The Coming of Christ and His Ministry." The program, in color, will use what it calls a narrative and documentary approach to the subject, using some of the world's great art to tell the story.

Recommended tonight: "Music for a Summer Night," ABC, 7:30-8:30 p.m.—Puccini's "Tosca," set in Fascist Italy, with Heidi Krall and Walter Cassel; "Reckoning," CBS, 7:30-8:30—summer series of selected reruns from "Suspicion" and "Climax" shows of other seasons; "Happy," NBC, 9-9:30—premiere of new situation comedy as half of Perry Como's Summer replacement; "Tate," NBC, 9:30-10—premiere of new western series adventures of a one-armed gunslinger.

and Montgomery—in the resolution but failed in another party-line vote. GOP senators offered, however, to sponsor separate resolutions for investigations in these counties.

WOULD EXEMPT LAUNDRIES ON SALES TAX

HARRISBURG (AP)—A bill to exempt automatic laundries from the 4 per cent sales tax was introduced in the House Tuesday by Rep. Francis Worley (R-Adams).

No action was taken or is expected on his proposal.

The laundries were included under the sales tax when the levy was increased from 3 per cent and broadened by the 1959 Legislature.

Several other bills also were introduced Tuesday, all by Republicans. House Democrats, pushing for final adjournment in accord with the wishes of the administration, have no legislative proposals of their own.

Other Bills

The other bills included proposals to:

Appropriate \$350,000 for improvements to the sewage disposal system at Slippery Rock State College-Reps. Albert L. McCandless (R-Butler) and Donald W. Fox (R-Lawrence).

Appropriate \$15,000 for the Sacred Heart Hospital of Chester—Rep. Clarence Bell (R-Delaware).

Appropriate \$15,000 to Fitzgerald-Mercy Hospital, Darby-Bell.

Charge Police With Homicide

PHILADELPHIA (AP)—A patrolman who shot and killed two bystanders by mistake while trying to stop a street shooting has been charged with homicide.

Patrolman Robert Marinelli, 27, was booked Monday night and released in \$300 bail.

The decision to hold Marinelli on homicide charges marked a reversal of policy. Chief Inspector John J. Kelly had said Sunday the Police Department and the district attorney's office felt Marinelli acted properly "in trying to apprehend a man who possibly committed two murders."

Marinelli shot and killed Emanuel Thomas, 35, as Thomas whirled around in a doorway and started to raise his hands, police said. Another bullet killed Louise Jones, 36, who was standing near Thomas.

He has served eight years on the General Executive Council of the denomination and also held other major church offices.

FAILS TO HEED WARNING SIGN

BRISTOL, Pa. (AP) — The driver of a Pennsylvania Turnpike truck carrying a sign on the rear warning of road work ahead was fatally injured Monday when his vehicle was rammed from behind by a tractor-trailer.

The turnpike truck in turn slammed into another truck being used to pick up fresh paint warn-

ing flags, seriously injuring a second maintenance worker.

Salvatore Gambone, 62, of Conshohocken, died in Lower Bucks County Hospital. Francis E. McFalls, 44, of Philadelphia, was in serious condition at the hospital.

Police identified the driver of the tractor-trailer as Omar D. Reynolds, 33, of Prattville, N. Y. Reynolds escaped injury. The accident occurred a mile west of the Philadelphia interchange.

BOY, 3, LOCKS UP HIS MOTHER

PITTSBURGH (AP) — Three-year-old Billy Sievers locked his mother in the basement of their home Tuesday.

Mrs. William Sievers tried vainly to get Billy to unlock the door. She called to neighbors, unsuccessfully.

Then she remembered that Billy liked to play with the telephone. After much patient instruction, she got Billy to dial "0" for the operator.

All the operator heard was "Mama." Figuring something was wrong, she traced the number and called police.

They arrived and freed Mrs. Sievers. Billy was still on the phone.

In the period immediately following World War I, the Kissel Goldbug Speedster was a popular favorite of the "Flaming Youth" of the time. Fast, well designed and beautifully finished, the Kissel was made in Hartford, Wisconsin, with a six-cylinder, 60 h.p. engine. Characteristic of the Kissel was the rearward-opening trap-door ventilator in the hood, and the third passenger seat that pulled out of the body like a drawer.

SUBURBS ARE GAINING MORE THAN CITIES

WASHINGTON (AP) — Preliminary figures for 27 of the nation's larger population centers indicate that suburbs have been growing six times as fast as cities in the past 10 years.

While the record of the 27 areas may not prove absolutely typical, it pointed up a well-established migration to Suburbia that will be measured exactly after final 1960 census figures are available.

An Associated Press canvass today covered population centers which were among the first for which both city and metropolitan area statistics were available. Scattered through all sections of the country, they showed this 10-year record:

27 Cities Gain

The 27 cities had a population gain of 6.6 per cent, 1,243,294 to 20,026,946. During the same decade, the suburbs around these cities had an increase of 41.4 per cent—up 4,787,479 to 16,328,177.

Of the 27 cities, 11 lost population between 1950 and 1960 as residents moved from old, crowded sections into the outlying areas. All the metropolitan areas showed sizable population gains.

Shrinking cities of the list were Baltimore, Detroit, Jacksonville, Fla., Jersey City and Newark, N.J., New York City, Philadelphia, Providence, R.I., Richmond, Va., Rochester, N.Y., and Worcester, Mass.

PORTSMOUTH, England (AP) — Britain's last battleship, the 44,500-ton Vanguard, is headed for the scrap pile. Completed in 1946, it cost \$2,800 a week to keep her afloat and in top shape. The government decided that was too much.

JOHANNESBURG, South Africa (AP) — Six Africans were killed and 21 arrested when police intervened in a tribal clash in Pondoland, south of Natal, Justice Minister Francois Erasmus said today.

KATMANDU, Nepal (AP) — Another mountain conquered, the British and Nepalese climbers thought as they trudged to the windy peak of Annapurna 4. But there on top was a dirty handkerchief. The handkerchief belonged to one of the expedition's Nepalese guides, who admitted he and a companion had gone ahead to the top of the 24,000-foot mountain in west central Nepal. The expedition returned here Tuesday.

MANILA (AP) — A Manila labor leader vowed today to stage a protest demonstration when President Eisenhower arrives June 14. Ignacio Lacina of the National Labor Federation said he would lead a parade before the U. S. Embassy calling for settlement of Philippine war damage claims and "respect for Philippine sovereignty" over U. S. military bases here.

ST. JOHN'S, Nfld. (AP) — Canadian police and railroad officials are trying to find out who shipped a trunk from Toronto to Argentina May 4 with the body of a peroxide blonde inside. The partly decomposed body was discovered Tuesday at the railroad express office in Argentina, a naval base about 90 miles from here.

The unidentified woman was in her 20s, 5 feet 1 1/2, and weighed about 115.

WASHINGTON (AP) — The 1959 annual report of the House Committee on Un-American Activities has become a congressional best seller.

The original printing of 5,400 copies early this year has been exhausted. The House Tuesday unanimously approved printing of an additional 5,000 copies.

WASHINGTON (AP) — Sen. Wayne Morse (D-Ore.) has proposed a pay cut for Congress members—to a rate of 53 cents an hour. They now get \$22,500 a year plus extras. Morse told the Senate Tuesday he was introducing the pay cut bill because the Senate Labor Committee hasn't approved a 12-an-hour minimum wage for laundry workers. He said thousands of laundry workers are paid as little as 53 cents an hour.

Disney's Film Follow-up Of 'Shaggy Dog'

HOLLYWOOD (AP) — Having cavorted with a talking dog, Fred MacMurray is now flying a Model T and making basketball players leap 10 feet in the air.

If it had been any other studio besides Walt Disney's, there would be a "Shaggy Dog Talks Again." But Disney is dead set against doing sequels. He is following up his big hit of the talking pooch with "The Absent-Minded Professor," also starring Fred MacMurray.

"This is a wild one," the actor admitted.

Fred plays a screwy savant who tampers with the elements. One day in the lab he accidentally concocts a putty-like substance that induces weightlessness. He uses the stuff for all kinds of things, such as sending the school's basketball team to new heights and making his flivver airborne.

Another Project

"The idea came up when we were making 'The Shaggy Dog,'" Fred said. "One day Walt came on the set and lurked in the background watching things, the way he likes to do. After a while, he told me he was thinking of another project for me."

"I didn't know Walt very well then. I went home and told my wife June about it, but added that I'd probably never hear about it again."

Fred has now learned that Disney never talks idly. He has also learned other things about the Disney operation.

"I found out he won't let gags interfere with the story, no matter how good they are," the actor said.

MacMurray flies right from the film into one of the most unusual TV deals in Hollywood history. He'll star in "My Three Sons" for ABC and make 39 films in three months.

CASEY'S BACK ON JOB AND YANKEES WIN

By ED CORRIGAN
Associated Press Sports Writer

NEW YORK (AP) — Casey Stengel, the Svengali of the dugout, is back in operation and the prospect of things to come would make strong men cringe. The ancient skipper of the New York Yankees was given his physician's okay to return to the helm Tuesday and his operatives promptly belted the Chicago White Sox, 5-2.

"I'm gonna make a lot of changes," he rasped today looking up and down the Yankee roster. "For six weeks I let all my guys play their positions. Now I'm gonna move them around."

"Some Very Strange Things" Did Coach Ralph Houk, his heir-apparent, and the other members of the staff tell him what was going on while he was bedded down?

"What can they tell me," he sported. "I might have been in the hospital, but I can still see pretty good and I watched almost all the games on television."

"Some very strange things went on out there in the late innings. The club stood around waiting for the ball game to be handed to it. Sooner or later things start to happen by the other guy, the tournament is over and my guys are back in the clubhouse."

The victory over the White Sox was the first time in five tries this year the Yanks have been able to beat the defending champions. Jim Coates threw a four-hitter and didn't allow an earned run.

VILLANOVA, Pa. (AP) — Gene Filipski, an All-America halfback at Villanova in 1953, has resigned the Wildcats backfield coach to play for Calgary in the Canadian Football League.

Tom Brown, 24, son of Mr. and Mrs. Harold Brown, of Fairfield, has an unusual summer job. Brown, a school teacher and coach at Northwestern grade school in Dodge City, Kan., herds a team pulling an authentic Concord Overland stagecoach, a tourist concession at the Front Street replica. Brown takes the passengers through the city park by the buffalo pen, shows them the long-horn Texas steer and other attractions.

"There hasn't been much trouble with the local savages lately," Brown said, "but when they go on the warpath and the danger of being held up is imminent, I get one of the replica employees to ride shotgun."

DISMISS FALSE REPORT CHARGE

COLUMBUS, Ohio (AP) — The federal government has dropped a charge accusing a Pennsylvania sales engineer of making a false bomb report.

FBI agents had arrested Julius Roudolph Radwanski, 38, of Huntington Valley April 13 at Port Columbus Airport. He allegedly replied to a comment by a Trans World Airlines employee, "your S. Schatzenfeld declared prosecution would serve no deterrent purpose because no deliberate hoax apparently was intended."

Radwanski pleaded innocent April 20 in U. S. District Court. Tuesday Judge Mell G. Underwood dismissed the charge against him when Asst. U. S. Atty Thomas S. Schatzenfeld declared prosecution would serve no deterrent purpose because no deliberate hoax apparently was intended.

Kidnap Jurist Dies In Red Jail

BERLIN (AP) — Dr. Walter Linse, a Berlin attorney kidnaped in an open street by Communists eight years ago, has died in jail in the Soviet Union, the West German Red Cross reported today.

The Soviet Red Cross informed the West German Red Cross he died Dec. 15, 1953, at the age of 49.

Linse was a leading official of the Anti-Communist League of Free Jurists, dedicated to exposure of persecution of political opponents by the Communist dictatorship of East Germany. He was snatched by German Communist agents in the American sector of Berlin July 8, 1952.

GROTON, Conn. (AP) — A town court judge fined Robert Martin, 21, \$12 and then asked him if his car had an engine and was worth as much as the fine. The car had no horn, no tailpipe, no front marker plate, no marker light, one headlight out, one brake light out, one parking light out, one tail light out, a loud muffler, and emergency brake "not too good."

NEW YORK (AP) — Peter W. Aske, 24, charged with falsely reporting a bomb aboard an aircraft, says it was all a gag. "I was only joking," he told a federal court jury Tuesday. He faces a maximum year in jail and \$1,000 fine if convicted.

WASHINGTON (AP) — Sen. J. William Fulbright (D-Ark.) voiced his full support today for Senate ratification of the new U.S.-Japanese security treaty in advance of President Eisenhower's visit to Japan.

He and other members of the Senate Foreign Relations Committee, of which Fulbright is chairman, said they are convinced Eisenhower will go to Tokyo June 19 unless the Japanese government should ask a delay.

The White House said Tuesday "no change is contemplated" in plans for the three-day visit. Secretary of State Christian A. Herter gave the committee what Fulbright called a "persuasive case" in support of a trip now, despite left-wing demonstrations and riots in Japan.

Closed-door Session

Herter discussed the situation with the committee during a 30-minute closed door session that followed his public appearance to urge Senate ratification of the new treaty.

But Fulbright said Herter still did not set entirely at rest his misgivings about the advisability of the trip now.

DEADLOCK IN VITAL ATLAS MISSILE WORK

SAN DIEGO, Calif. (AP) — Negotiations were deadlocked today in the crippling strike against the vital Atlas missile program as Convair—makers of Atlas—cancelled all union membership clauses while vowing to continue economic benefits of its labor contract.

C. Z. Lindsay, chief negotiator for the International Assn. of Machinists, countered that the morale of workers "is still high despite company's action which in effect removes many of their rights and privileges."

A two-hour mediation session ended with no progress—and no new time set.

"Radical" Statement

In a statement which a union official called "radical," Convair division of General Dynamics stated:

"All employees at Convair's three California operating divisions and all off-site bases will be told today that 'the company does not intend that any employee who is on the active payroll and working will suffer any economic loss because of the union's action.'"

"As evidence of its good faith Convair has put into effect for all hourly employees the one-cent cost of living increase that would have been authorized on June 6 under the old contract."

Voluntary Collection

"We do not feel that employees should be penalized for the actions of the IAM leadership."

Clauses cancelled by Convair include those providing for collection of union dues by the company, grievance procedures and union business inside the plants. Lindsay said the IAM has made provisions for voluntary collection of union dues.

Convair said union security is the key issue of the strike.

Want Wage Boost

"We believe all of our people should be free to determine for themselves whether or not they wish to belong to a union."

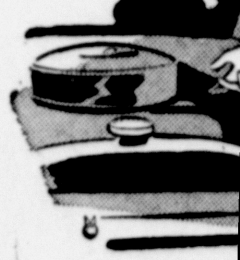

The IAM wants a 14-cent-an-hour wage boost plus fringe benefits. The company has offered 10 cents plus a 3-cent-an-hour cost-of-living increase. Pay scales now range from \$1.79 to \$3.40 an hour.

A union spokesman said the strike was called in strategic areas only—"where it hurts the most" instead of a costly company-wide shutdown. He said 2,700 of 27,233 IAM members at Convair facilities are on strike.

The company laid off hundreds of other workers in walk-out or picket plants here and bases Cape Canaveral, Fla.; Warren AFB, Wyo.; Vandenberg AFB, Calif.; Offutt AFB, Neb., and Edwards AFB, Calif.

Knowledge Of Beer Quaffers Saves His Life

NEW YORK (AP)—Paul Wilkinson, 24, a refrigerator repairman who knows his beer drinkers, used his knowledge to save his life.

He walked into the basement beer cooler of a lower East Side tavern.

"I turned around," he said, "and saw the refrigerator was closed. There was no handle. I pounded on the door and yelled." The quaffers heard nothing.

"I reached up and closed all the valves shutting off the beer supply to the bar upstairs," he said.

The bar manager went to the basement to check the beer supply and there found Wilkinson unconscious and cold as a stone.

After a trip to a hospital, and a quick beer with the cheering customers, Wilkinson went back to the cooler to finish the job. He propped the door open.

FLOOD PLANS OWN AID BILL

WASHINGTON (AP)—Rep. Daniel F. Flood (D-Pa.) says the administration has attempted to shove a 180-million dollar depressed areas aid bill "down our throats on a take-it-or-leave-it basis."

In a statement Tuesday Flood added that the bill "is no compromise bill at all. It is intended to fail and thus give the kiss of death of the whole idea of the principle of federal responsibility for aid to the depressed areas of America."

Flood, who supported a 251-million dollar measure which was passed by Congress but vetoed by President Eisenhower, issued his statement in reply to a letter he received from Philip Ray, assistant secretary of commerce. The letter called for Flood to support the administration measure.

"Now with tongue in cheek they say, let's pass one (aid bill) in two weeks. It can't be done—should not be done—and it won't be done," Flood said.

He reiterated that he will introduce his own bill again in the next Congress should he be re-elected.

WEATHER HELPS SOME FARMERS

HARRISBURG (AP)—Improved weather conditions aided many Pennsylvania farmers last week, but some fields still have too much moisture from recent heavy rains.

The State Crop Reporting Service said Tuesday. It added:

"Vegetable production was benefited by some overall improvement in weather conditions. Higher temperatures are now needed to put most crops on normal growing schedule. Final plantings of tomatoes have been made but the total planted acreage may be 10

WASHINGTON (AP)—Rep. James M. Quigley (D-Pa.) reports Adlai Stevenson received 31 per cent of the Democratic votes against 28 per cent for Sen. John F. Kennedy (D-Mass.) in a presidential preference poll conducted in Quigley's 19th Congressional District. Vice President Richard M. Nixon was favored by 79 per cent of the Republicans responding.

Results were tabulated on nearly 10,000 replies, Quigley's office reported. About 100,000 questionnaires were sent to constituents in Adams, York and Cumberland counties.

In a statement Tuesday Flood added that the bill "is no compromise bill at all. It is intended to fail and thus give the kiss of death of the whole idea of the principle of federal responsibility for aid to the depressed areas of America."

FINAL RESULTS ON PA. VOTING

HARRISBURG (AP)—Official results of Pennsylvania's presidential preference primaries show vice President Nixon and Sen. John F. Kennedy (D-Mass.) both headed their own party voting and finished third on opposition ballots.

The State Elections Bureau reported Tuesday that Kennedy drew 183,073 write-in votes in the Democratic primary April 26 and Nixon, whose name was on the Republican ballot, polled 968,538.

Nixon's total exceeded the 1956 primary election vote of President Eisenhower.

Kennedy finished third on the Republican ballot with 3,886 votes, running behind Gov. Nelson Rockefeller of New York who had 12,491. Nixon had 15,136 Democratic write-ins compared with Adlai Stevenson who was second to Kennedy with 29,660.

Others receiving votes in the preferential primary were:

Democratic—Hubert M. Humphrey, 13,860; Stuart Symington, 6,791; Lyndon B. Johnson, 2,918.

Republican—Barry Goldwater, 286

OLD REMARKS ARE HEARD BY COLLECTORS

By HAL BOYLE
NEW YORK (AP)—Remarks an installment collector gets tired of hearing:

"Here's \$10 on account—account of that's all I got."

"Honest, I was going to pay you, but I took a vacation instead—just to get away from my money worries."

"Don't take the television set. If you have to take anything back, take the sofa. Then we can still lie on the rug and watch the programs."

"Well, let's be sporting about it. I'll pay you \$5 now, and \$5 the next time you catch me."

"Shut the door quick, Martha, here comes Shylock again."

Wrong Date
"You mean I dated that last check June 1, 1957? How could I have been so careless? Well, you'll have to wait until next month now. I don't have any more dough left in the bank."

"Go on and sue me if you want to. But you'll have to stand in line. There's a lot of people ahead of you."

"How can you garnishee my wages when I'm self-employed? I am, that is, when I work."

"Don't sue the dog on him now. Wait until he gets into the yard and closes the gate."

"I don't do you no good to catch me at home. It's my wife you gotta catch. She's the one who mishandles the money in this family."

We Moved
"Look, suppose I slip you \$7.50 personally, and you go back and tell your boss we moved to Australia and didn't leave a forwarding address. Okay?"

"For the last time I tell you—I will not be responsible for my husband's debts. Sure, I know he bought the ring on time. But the ring is mine—the debt is his."

"Go ahead and take back the crib. Junior's in the second grade

now."

"It's been one thing after another. First my ulcer kicked up, then grandma fell off the ski slide, and now my wife's gall bladder is—"

"You don't worry me anymore. I've already applied for bankruptcy."

Don't Threaten
"Don't threaten me, Buddy. After all, it's slow-payers like me that keep guys like you in jobs."

"The government owes billions—and you get hysterical over a lousy \$76."

"I have written a long letter to your company explaining everything. Can you lend me a stamp?"

"Yes, they used to live here, but they moved last week. Very mysterious, too. A big truck came about midnight. Nobody knows where they went."

CUPID FLUNKS COURT TEST IN MICHIGAN

LANSING, Mich. (AP)—June, traditional month for marriage—is busting out all over. But Cupid has flunked a test in the Michigan Supreme Court.

The court, in a 4-4 split Tuesday, refused to upset a ruling of the school board at Mesick, Mich., that bans married high school students from extra-curricular activities.

The ban is two years old. The two students against whom it was directed have since graduated.

Mesick, a rural community of 359 residents in the northern part of Michigan's lower peninsula, was split when the action was approved by the Wexford County Circuit Court.

"Need All Time"
"Married students need all the extra time available to provide a proper family life," the board ruled in 1958.

Husbands Ronald Cochrane and David Shively, both 18, were barred from playing for the Mesick High School football team. They weren't allowed to play in the school band nor could they escort their wives to a dance or other school affairs during their senior year.

Cochrane and Shively married their high school sweethearts with parental consent during the 1958 summer vacation.

Farmers should check their grain bins often as the weather gets warmer. High temperatures plus moisture in the grain spell fun and good living for the insect world, but trouble for farmers. A good solution, say South Dakota State College researchers, is drying the grain before storage.

3 Army Gridders Honored At Dinner

WEST POINT, N. Y. (AP)—Three Army football players were honored at the traditional athletic awards review held in conjunction with June week festivities at the U. S. Military Academy Tuesday.

They were Bob Anderson, Cocoa, Fla., Bill Carpenter, Springfield, Pa., and Joe Caldwell, Miami, Fla.

Carpenter, an outstanding end in 1959, won a special award in recognition of his personal courage and leadership in athletics and also received the Edgerton award as football team captain.

NAVY JET RUNS WILD AND KILLS 4 SERVICEMEN

PATUXENT, Md. (AP)—A Navy jet plane that ran wild on its catapult takeoff at the Naval Air Station here killed four servicemen Tuesday.

Two others including the jet pilot were injured.

Navy spokesman said at a loss to explain why the F8U crusader jet arched over after it was hurled at more than 100 miles an hour from the catapult. One wing dipped, the plane swerved and it crashed into a waiting helicopter where two men were preparing to take off to an earlier crash scene.

The jet and helicopter screeched into tangled wreckage as they piled up into an adjacent parking lot. An ambulance, fire truck and several other vehicles were heaped up too and the wreckage burst into a smoky inferno, but not before the jet pilot was rescued.

The Navy identified those killed as the helicopter pilot, 1st Lt. Frank A. Williams, 30, of Hampton, Va., whose home town was Richmond, Ind.; his crew chief, S. Sgt. Clyde A. Chatham, 25, of Poquoson, Va., whose home town was Jackson, Miss.; Lawrence H. Priester, Navy hospital man of Downer's Grove, Ill., and Aviation Boatswain Pierre G. Arnold, of East Greenwich, R. I.

The pilot of the jet, Capt. Francis M. Parsons of Euclid, Ohio, was snatched from the debris and taken to the base hospital in critical condition.

The other injured Navy man was Aviation Machinist Mate Robert Traub of Richboro, Pa. He was not seriously hurt.

URGE PRAYER FOR PROBLEMS

BOSTON — Decisions about national elections should come out of each voter's communion with God and the guidance obtained through prayer, the Christian Science board of directors said Monday.

More than 7,000 Christian Scientists at the annual meeting of the Mother Church, the First Church of Christ, Scientist, in Boston.

William R. Davlin said in a statement Tuesday that the five million dollar appropriation set aside for the projects will run out by the end of 1960.

Davlin reported the state has sent out checks totaling \$716,921 in the first half of the biennium. He said contracts for an additional outlay of \$1,138,155 are being processed "and checks for these projects should be in the mail in the very near future."

ARTHUR W. ECKMAN

heard the directors' message which called for an end to apathy, irresponsibility and blind partisanship.

"In the United States," the directors said, "the current year will record important political decisions as well as international approaches." They added that "through prayer, we can rise above blind partisanship and the irresponsible tumult of aggressive mental suggestion."

Named president of the Mother Church for the coming year was Arthur W. Eckman of Cambridge, Mass. A lawyer, he is a native of Vicksburg, Miss. He was educated at the University of Texas, the University of Southern California and Harvard Law School.

The directors held that peoples of all lands will be delivered from tyranny through the freedom-giving power of spiritual understanding.

"With complete confidence in God's guidance," they declared, "Christian Scientists foresee the doom of the evil forces which would undermine righteous government, weaken human freedom, and sink mankind deeper into materialism."

Seek More Funds For Urban Projects

HARRISBURG (AP)—The 1961 Legislature will be asked for additional funds to keep the state's urban redevelopment projects from bogging down, says the state commerce secretary.

JUDGE ORDERS U. S. HANDS OFF VOTE RECORDS

MONTGOMERY, Ala. (AP) — In a sweeping challenge of federal power, a state court judge has told the Justice Department to keep its hands off all voting records in Alabama.

Circuit Court Judge Walter B. Jones signed an injunction Monday to prevent federal agents from seeing any Alabama registration files in their hunt for evidence of anti-Negro discrimination.

Temporary restraining order, issued at the request of Alabama Atty. Gen. Macdonald Gallion and applying to all 67 counties, set the stage for a court test of the 1960 Civil Rights Act.

Gallion, challenging the constitutionality of the Civil Rights Act, maintained that the Justice Department has tried to invade Alabama's sovereignty.

Argue Injunction
Under terms of the temporary order, federal authorities can appear before Jones July 7 and argue against a permanent injunction.

There was no immediate comment from the Justice Department.

U.S. Atty. Gen. William P. Rogers

ers has asked for access to voter registration files in Montgomery, Wilcox and Sumter counties.

FBI agents got a brief look at the Sumter records Monday before the statewide decree clamped them shut. Solicitor Thomas H. Boggs said two FBI men left quietly after he informed them of the state action.

The restraining order resembles a decree issued earlier when Rogers asked to see Wilcox County's voting data.

Nicholas S. Hare, an assistant attorney general who filed the suit under Gallion's name, said it was just a coincidence that the order came on the same day Rogers asked to see the Montgomery and Sumter files.

NEW YORK (AP) — New York City's population has dropped by 200,000 since 1950, a preliminary census report indicated Tuesday.

The final figure is expected to be 7,700,000. In 1950 the figure was 7,900,000. A special count by the Census Bureau three years ago showed a population of 7,795,471.

Arthur F. Young, regional census director, said the indicated decrease is 3 per cent since 1950 and 1.8 per cent since 1957. The trend toward suburban living was given as the cause.

GROTON, Conn. (AP) — The Town Council has squelched a drive-in theater's plans to pipe sound into nearby homes.

The drive-in owners asked permission to run a wire through the storm sewer to five homes that get a free peek at the screen but miss the dialogue. They hoped this would squelch complaints about the operation of the theater.

The council decided Monday night it was best not to have wires running through the sewer.

NEW YORK (AP) — The Board of Missions of the Methodist Church said Tuesday it will ask 39,236 Methodist congregations in the United States to give what they can June 26 to aid earthquake and tidal wave victims in Chile and other countries.

OSLO (AP) — British Prime Minister Harold Macmillan arrived in Oslo Tuesday for a four-day visit and talks to find ways to avoid an all-out trade war between Western Europe's two rival economic blocs. Both countries are members of the "Outer Seven" free trade area, organized as a counter to the six-nation "Common Market."

MANILA (AP) — White House press secretary James C. Hagerty said today the official party of President Eisenhower on his Asian tour, starting here June 14, will include the President's daughter-in-law, Barbara.

Falcon is having the best first year any car ever had... over 250,000 already sold since introduction... going at the record rate of 10,000 every week. What makes Falcon the world's most successful new car?

Economy!

To begin with, Falcon is America's very lowest-priced 6-passenger car... \$64 to \$154 less than the other compacts.

"Falcon delivers the best fuel economy of the three new compact

cars," says *Motor Trend* magazine. Owner reports and fleet operator logs consistently show Falcon mileage figures of up to 30 miles per gallon with regular gas.

Falcon goes 4,000 miles between oil changes, costs less to service, less to license and in most places, less to insure.

Falcon saves you more and still gives you full room for 6 big people and all their luggage. Small wonder Falcon has become first so fast!
